

SENSATIONAL CHARGE FILED AGAINST JEWELER

Arrested By Local Officers Last Evening On Complaint of Grave Nature.

About 7:30 o'clock last evening a foreigner working in the local mines handed over to Constable Jay Wilmoth a man named Rosenthal, who is evidently of Russian extraction alleging that the fellow was guilty of indecent exposure.

The offense is alleged to have been committed on the plaza in front of the railroad depot last evening, at the time the Salvation Army was holding its meeting. It is alleged that the defendant Rosenthal committed the offense while the complaining witness and her husband were standing in the circle which was formed about the Salvationists.

When seen last evening in the branch county jail by a Review Representative Rosenthal stated that he being arrested was a great surprise as he was merely passing the ring forged about the Salvation Army when he was grabbed by the woman's husband. He denied the offense charged.

Justice Hogan, before whom the prisoner was arraigned last evening placed the ball bond at \$500, which was not furnished.

Rosenthal has been employed in this city for five months past as a jeweler and engraver.

BASE BALL DOPE IS STARTED IN DOUGLAS.

DOUGLAS, Feb. 24.—(Special).—With the benign breath of spring on the breeze that are blowing these days the baseball "bugs" of Douglas are beginning to talk about the national game at odd times when other matters are not engrossing their attention.

At present no plans have been formed for baseball here during the spring, summer and autumn months, though those heretofore interested in the game are talking among themselves about the future of the game.

The White Sox will play in Douglas on March 20 and for that occasion the best team the city can afford will be sent to meet them.

In connection with this tour the Rock Island lines are sending out some very handsome advertising literature, some of which has been received at the office.

FIRE WAGON IS AT LAST ON WHEELS

And Other Improvements Of Bisbee Department Are Put Under Way.

The new era in the history of the fire department of the city, of which much has been said in anticipation, is about to become a thing of reality. The new hose wagon, the nucleus of the improvements that are about to be inaugurated, has at last arrived, and was yesterday unloaded in front of the postoffice building, where it was the object of much attention and comment.

The wagon is as light as could be purchased, due consideration being given to strength. This was done on account of the many up-grades that are to be found in all parts of the city. The latest model of this class of fire fighting apparatus was purchased by the committee in charge, and the improvement that will result from the use thereof will be as great as that of the modern fire arm over the ancient bow and arrow.

Ed Mackey, of El Paso, as has been announced, is here for the purpose of training the horses which will be used to pull the wagon. Owing to a delay in the arrival of the harness this feature of the work will not be begun for several days.

Miss Lucy Smith and Miss T. H. Collins arrived in the city on Sunday evening and will spend a couple of days here as the guests of Mrs. Geo. Bixton.

VISITORS FROM DOUGLAS.

The leading fans here on the subject of a four-city league. It is understood that D. A. O'Donovan, who so capably managed baseball affairs here last summer, will ask that some one else handle the game here during the coming season.

Mr. O'Donovan expects to have his hands full in the operation of the street car lines and in handling other park features, and he says he will not have the time this spring to devote to baseball that he had last year.

Somebody else to take up the project and Mr. J. H. Hopper, Mr. and Mrs. Joe Williams, Mr. and Mrs. Powell Stackhouse, W. B. Latta, Dr. James Vance, Van C. Wilson, Ollie C. Coles, Robert Krakauer, Miss "Stella" Humphries, Miss Olga Poole, Miss Bertha Poole, Miss Maude Austin, Miss Helen Van Cleve, Miss Laird, Mr. and Mrs. V. R. Stiles, Mr. and Mrs. A. N. WILL FIGHT FOR FOUNDING OF A STATION

Active Interest Developing In Project Of Establishing Experimental Station In Cochise County.

A meeting of the Board of Trade will be called up within the next few days to take up the matter of having a government experiment station established in Cochise County, and to take measures to get the support of the Trans-Mississippi Dry Farming Congress, which is wielding such an influence in the agricultural development of the semi-arid portions of the west.

At the convention which was held in Salt Lake City some few weeks ago, G. J. McCabe, who was a delegate from Arizona made a strenuous fight on the floor of the convention to have the next annual meeting held in Douglas, but owing to greater influence the Wyoming delegates were able to secure the convention for Cheyenne.

The various opponents were selected, and the play was commenced about 10:15 o'clock. Judge Waters Davis of El Paso, and Walter Douglas of the Bisbee team, leading off. From this time on each team was started in turn as rapidly as the preceding one had advanced a reasonable distance.

The following is a list of the El Paso team and those who accompanied the victorious aggregation: Mr. and Mrs. Waters Davis, Mr. and Mrs. Jack Hopper, Mr. and Mrs. Joe Williams, Mr. and Mrs. Powell Stackhouse, W. PLAY IS GIVEN WHOLLY IN SERVIAN

But Bisbee Servians Do Not Patronize It In The Numbers Expected.

A play of which the public at large knew nothing, and of which the majority of them did not even hear of, a play given wholly in a foreign language, was presented at the opera house last Sunday night. Only foreigners were present, and notwithstanding the fact that it was given in their own language, for their special benefit, there was very few of them present.

Servian was the language in which the drama was rendered and the successful struggle of the Servian people for independence from the tyrannical Turks, was the story which it told. And yet the Slavonian population of the city showed no interest, and the few that were present, represented by a pitiable fraction of the population of that race who are in the camp. The spirit that prompted the forefathers to throw off the Turkish yoke was evidently dormant to a very decided degree.

The play was given by local talent under the direction of Milan Markovich Javorac, who came to Bisbee for the purpose of putting on this play. Elaborate Turkish and Servian costumes were used, and those who saw the play say that it was well presented.

Any American who had happened to be present must have been deluged under the jargon that early used up all the letters "a," "i," "o," and one or two others, which are equally insignificant in the English language, and set up "vich" in the list of characters until he hardly knew "vich" and was up.

Javorac, the young Slavonian who put on the play, is an actor of considerable ability, and left Bisbee with a rather faint enthusiasm over his countrymen's love of the dramatic art.

A member of a company playing "Ten Nights in a Bar Room" has been arrested in Kansas. He must have showed the effects of it.

EL PASO WINS FROM BISBEE IN GOLF GAME

Visitors Show Superiority Owing To Advantages They Enjoyed In Having Course To Practice On.

In the first contest to be played over the golf course of the Warren District Country Club, the El Paso team on Sunday defeated the local representatives by the score of 35 to 21. Owing to the high wind which prevailed during the greater portion of the day the scores as a rule were very poor.

On Sunday morning the special train of several Pullman cars, carrying the El Paso team, and a large delegation from Douglas, arrived at the country club grounds, and was met there by the local entertainment committee.

The various opponents were selected, and the play was commenced about 10:15 o'clock. Judge Waters Davis of El Paso, and Walter Douglas of the Bisbee team, leading off. From this time on each team was started in turn as rapidly as the preceding one had advanced a reasonable distance.

ROOF GARDEN FOR BISBEE IS PLANNED

Tong and Germain Would Fit Up the Royal Hotel Building.

Mrs. Tong and Germain, who have in hand the establishment of the most up-to-date cafe in this section of the country, have grown so enthusiastic over the encouragement they have received that they have definitely promised to equip and maintain over the Royal Hotel that modern delight of the metropolitan known as the roof garden.

The game was close throughout, and marked by some real ball playing. Individually the teams were very closely matched, but the superior team work of the kid glove crowd went over the husky toilers, securing for them the second victory of the season over this team.

The deepest cut on the entire system will be made at the depot, owing to the dip in the pavement at the mouth of Brewery Gulch and due to the fact that the line drops to a level lower than the railroad tracks on the E. P. & S. W. property over which it will run to the tunnel at the slag dump.

Sub-contractors have about completed the 450-foot tunnel running almost lengthwise and under Naco road near the slag dump. Sections of the system have been completed from the depot to the end below Lowell.

A gang of men are working every night digging the trench for the main line through E. P. & S. W. property between the depot and the tunnel. The railroad company would not give its consent to men working about the tracks through the day and Contractors Chick and White had to put on a shift at night, when danger is at a minimum from passing trains in the yards.

The tunnel will be left open so that in the future if the conduits in it become troublesome workmen can get to them easily and make repairs. After the completion of the school hill lateral work will begin on Main street.

STATE COUNCIL IS ESTABLISHED. The delegation of the Knights of Columbus, who left the city a few days ago to attend the first state convention of the order, which was held in Tucson, returned home yesterday morning. The territorial organization was formed, there being a very large attendance. On Sunday in initiation was held, 29 candidates being received into the order.

MACHINISTS DEFEATED A SECOND TIME

Town Team, In Gale of Wind, Wins Six-Inning Game. Score 6 to 4.

In a gale of wind, two local ball teams met at Bakersville Sunday and contested for honors—the Machinists and the "Town Team." The latter were victorious by a score of 6 to 4. By agreement only six innings were played.

The game was close throughout, and marked by some real ball playing. Individually the teams were very closely matched, but the superior team work of the kid glove crowd went over the husky toilers, securing for them the second victory of the season over this team.

The deepest cut on the entire system will be made at the depot, owing to the dip in the pavement at the mouth of Brewery Gulch and due to the fact that the line drops to a level lower than the railroad tracks on the E. P. & S. W. property over which it will run to the tunnel at the slag dump.

Sub-contractors have about completed the 450-foot tunnel running almost lengthwise and under Naco road near the slag dump. Sections of the system have been completed from the depot to the end below Lowell.

SEWER SYSTEM MAY BE DONE IN MONTH

Tunnel Almost Completed and Work On Deepest Cut To Commence Soon.

In all probability Bisbee's new sewer system will be completed in a month or six weeks. The main street conduit is still to be laid and the line running by the Copper Queen hotel still to be completed before work begins at the point in front of the depot, where all lines meet and empty into the main conduit, which carries the sewerage two miles below Lowell.
